Smoke Did Some Damage in House on Pearl Street Thursday.
An alarm of fire was sounded about 12:30 on Thursday which proved to be for a blaze on Pearl street in the house owned by Mrs. E. A. Shattuck and now occupied by Mr. and Mrs. Smith. The fire started in a closet off a sleeping room, and the house was soon filled with smoke, so dense that it was hard to enter. The firemen were soon on the ground and the blaze was extinguished by the use of chemicals. The most of the damage was done by smoke, but the amount has not yet been determined.

Mr. and Mrs. Ralph Plumley of Hartland have been in town, the guests of Mrs. J. E. French for the last week, and during their stay they purchased a farm of Philip Weldon just below the stock farm. There are 130 acres and the stock and tools are included in the sale. Mr. Weldon will return to New York, where he formerly lived; and Mr. and Mrs. Plumley, who went to Hartland on Thursday, will move here on Monday, if the weather permits, and will at once take possession of their farm. The sale was made through W. W. Perkins, agent for the D. A. Perry Real Estate agency of Barre.

Miss Winnifred Richmond left Wednesday afternoon for St. Albans, where she went to be the guest of Rev. and Mrs. G. W. Smith till after Thanksgiving.
William Burke, who was born in Canada but who for the past nine years had been a resident of this town, died on Monday night with a malignant trouble with the stomach, with which he had suffered for a long time. Mr. Burke was for the first two years of his stay in town on the G. H. Slack farm, but then left for the Sanford farm, where he had been up to the time of his death. Deceased had reached the age of 67 years, and is survived by a wife, one married son living in Canada, one married daughter, living in Massachusetts, and an adopted daughter, Mrs. Edmond Theron, who lives at the home. The remains were taken to Swanton, where deceased had lived for the most part of his life, and the funeral was held from the Church of Nativity, and interment was there.

A masquerade party was held at the gymnasium on Thursday evening under the auspices of the senior class of the high school.

Miss Doris Cantlin went to Keene, N. H., Tuesday to attend the reunion of her class at the normal school, and from there will go to Northampton, Mass., to visit Miss Helen Blanchard.

Several from this place went to East Randolph Wednesday night to attend a chicken pie supper, among whom were Dr. and Mrs. H. W. Holden, and Dr. and Mrs. L. A. Russell.

H. L. Hatch has gone to Boston for a several days' business stay.

Mrs. W. E. Rand has been with Mrs. L. M. Noyes in Manchester, N. H., for a couple of days this week.

Pains Often Mean Uric Acid Poison

Pay Attention to Pains—Most People Have Rheumatism and Don't Know It

Ouch! Does it hurt to move your arms, legs, bend your back or stretch your muscles? Be careful and take heed in time. Rheumatism is stealing on you and may cripple you if you don't stop uric acid from settling in your veins and muscles. Rheuma, a great specialist's prescription, chases this poison out of the system and gives relief from all forms of rheumatism. It acts through the seat of the trouble, the kidneys, stops the formation of uric acid, then drives out through the bowels that which is in the blood.

Genuine Rheuma (see that you get the trade-marked package—is sold by the Red Cross Pharmacy and all druggists, for 50 cents. Money back if not satisfied.—Adv.

Call Rutland High School a Fire Menace.

That all of the fire hazards of a paint shop, a hotel and a manufacturing establishment, to say nothing of the ordinary ones of a school, are to be found at the Rutland high school building, was the decision arrived at by Commissioner of Public Safety Roger S. Pike, Chief James C. Dunn of the fire department and Fritz H. Burnham, a well known Rutland fire insurance agent, after an inspection of the building, which was carried on in connection with a movement, instigated by the Parent-Teacher association, which is to cover every schoolhouse in the city.

Mr. Burnham made the following report of his findings:

"There are two kinds of institutions at which attendance is compulsory: jails and schools, and both should be made as safe, as regards human life, as it is possible to do. Yet, in the high school building, we find the inherent hazards of a woodworker, paint shop, public hall and rubbish dump. The blind attics are full of old lumber, desks, decorations and a litter of every description, and even if they were perfectly clean, would constitute a menace.

"The auditorium is not cut off from the old building by fire doors, giving an increase in area which adds to the fire hazard. The boilers are situated directly under the main exit and the flues are so close to the floor beams that the beams are already blackened. There are no fire extinguishers in the boiler room or anywhere else in the building, and there is absolutely no method of putting out a fire which might originate in this boiler room. The manual training rooms are also in the basement and at the time of the inspection, shavings and sawdust had not been cleaned up and there are a number of other defects which are being enumerated later. In plain English, the whole building is utterly unfit for school purposes and is a menace to human life."

Vermont Medical Society to Print Journal.

The Vermont Medical society is to issue a monthly journal, the name for which has not been chosen, nor has the printer been designated. At the annual meeting of the society in October at Burlington, it was decided to issue some paper, the publication committee being empowered to choose its form. This committee, which consists of Dr. J. M. Hamilton of Rutland, Dr. C. F. Dalton of Burlington and Dr. S. S. Eddy of Middlebury met Wednesday evening at Burlington and decided that it would be advisable to have the issue appear once in four weeks.

The first number will be out about Jan. 15. It will contain the transactions of the Vermont Medical society and such other matter as may be of interest to the physicians of the state. The paper will be sent free to members of the society. The pages will be five by eight inches in size and will contain, besides the reading matter, advertisements of such preparations as are approved by the council of pharmacists and chemists of the American Medical association.

There are 32 journals in the United States owned by state medical societies. Vermont has had none since the Vermont Medical monthly went out of existence in December, 1914.

The first Rutland man to get a bear during the present deer season, as far as can be learned from belated reports from the hunting camps, was Col. H. Edward Dyer of Mill village. Word comes from Chittenden that he killed one of the largest specimens secured in Rutland county in a long time, the animal tipping the scales at 400 pounds. This is near the maximum weight attained by the black bear in the East.

Two very good acts at Pavilion to-day. Dawson & Wilbert have a novelty act, barrel jumping and bicycle riding, and May Evans does some very clever whistling and imitations.—adv.

A NERVE TONIC

In many severe nervous disorders the best remedy is often a tonic. The most active tonic treatment is recommended by the highest medical authority to arrest the progress of such diseases.

It is impossible to reach the nerves directly with medicine. Dr. Williams' Pink Pills are a nerve tonic, but they act on the nerves through the blood, enabling the blood to carry to the nerves the elements needed to build them up.

Neuralgia, sciatica, sick headache and a number of more severe nervous troubles are properly treated by building up the blood with Dr. Williams' Pink Pills and are often entirely corrected in this way.

If you are nervous you can help yourself by refusing to worry, by taking proper rest, sleep and vacations, by avoiding excesses and by taking out-door exercise. For medicine take Dr. Williams' Pink Pills, the non-alcoholic tonic.

Sufferers from nervous disorders who have been taking treatment without benefit should investigate the tonic method. Write today to the Dr. Williams' Medicine Co., Schenectady, N. Y., for the booklet, "Diseases of the Nervous System." It will be sent free on request.

Your own druggist sells Dr. Williams' Pink Pills or they will be sent by mail on receipt of order. Fifty cents per box, six boxes for \$2.50.
